Sophomore students teamed up to prepare freshman students for the midterm exam. During 2 weeks before the midterm exam, Mr. Teerapon and Mr., 2nd year students of Industrial Engineering department along with team of 2nd year students have set up tutoring sessions for the 1st year students for Calculus for Engineers 1, Physics and Engineering Drawing. On 16 July 2012, Asst. Prof. Dr. Sommai Pivsa-Art, Dean of the faculty of engineering, paid a visit and gave speech to the participating students.
