Industrial Engineering department welcomed an exchange student from the United Kingdom in the month of July. The department assigned a teaching assistant position for Case Study for Professional Area course focusing on English for Engineering session for senior students at IE department.

Mr. Maximillian Chowanietz, a student from Leicester University, U.K. visited RMUTT, Thailand for the first time. He was accepted to help in English for Engineering session as a Teaching Assistant. Majoring in general engineering at his university, he also had a chance to share some of his knowledge with the Electrical Engineering in Dr. Boonyang Plangklang classes.
